Phone: (608) 723-6416 • Fax: (608) 723-6501

Dear Parent/Guardian,

The Grant County Health Department will be giving influenza vaccine at your child's school on _____. The influenza vaccine **is free for children 18 and under**. If you do not want your child to receive the influenza vaccine, do not return the consent form to the school.

To have your child receive the immunization at school:

1. Read the attached Vaccine Information Statement
2. Fill out the consent form for your child and return it to the school.

***If your child is 9 years and under and has never had influenza vaccine before, they need two doses of influenza vaccine. We will be going to the school only once, so if your child needs a second dose, please contact the Health Department for options or your own medical provider. There must be 4 weeks between the first and second dose.*

If your child is not at school the day of the clinic, please contact the Health Department regarding their eligibility. **(Due to restrictions, free influenza is only available between October 28, 2015 and November 26, 2015 for children that are not VFC eligible.)**

If you have any questions about the influenza vaccine or this clinic, please call the Grant County Health Department at 723-6416 Monday-Friday between 8:00 am to 4:30 pm. Information is also on the county website www.co.grant.wi.gov.

GRANT COUNTY HEALTH DEPARTMENT

Staff Nurse

PS: If you do not want your child to receive the influenza vaccine, do not return the consent form to the school.
